#### **TASK ORDER 21-01**

#### MALAGA COUNTY WATER DISTRICT

Between Malaga County Water District (District) and Provost & Pritchard Consulting Group (Consultant).

#### **SCOPE OF WORK**

The Regional Water Quality Control Board has approached the MCWD regarding the potential sanitary sewer system consolidation of the Shady Lakes Mobile Home Park. The MCWD would need to construct wastewater collection and treatment and disposal facility improvements to be able to accommodate the consolidation. The State may be able to provide grant funds to perform the design and environmental work necessary to define the project sufficiently to be ready for construction.

The process to be performed includes the preparation of a Planning Grant Application to be submitted to the State. The cost to prepare the Planning Grant Application is estimated to range between \$25,000 and \$30,000. The fees associated with preparation and submittal of the Planning Grant Application are reimbursable to the MCWD if a Planning Grant is awarded to the MCWD.

The Planning Grant request is expected to be approximately \$500,000.

The Planning Grant Application components are summarized as follows:

- 1. Prepare a Plan of Study in accordance with State of California guidelines
- 2. Certification of compliance with water metering
- 3. Identification of existing debt
- 4. Preparing an estimate of engineering, planning, legal, and administrative services
- Description of the existing Shady Lakes MHP wastewater facilities and MCWD wastewater facilities

It is understood that an Income Survey of the residents of the Shady Lakes Mobile Home Park will be performed concurrently by an independent party.

It is noted that if the MCWD receives a Planning Grant, then sufficient design and environmental planning would be performed to prepare a Construction Grant Application for the capital improvements. A Construction Grant Application is required to be submitted to the State before the end of December 2022. The combination of the Planning Grant and Construction Grant may be up to \$10 M.

#### **SCHEDULE**

The work will proceed as quickly as possible. It is anticipated that a draft application will be presented to the District by the end of December 2021.

It is anticipated that the final Planning Grant Application will be submitted for approval prior to the end of January 2022.

#### **FEES**

Pursuant to the action taken by the Malaga County Water District Board of Directors on October 26, 2021 the work was authorized to proceed. Estimated fees to prepare the Planning Grant Application is \$25,000 to \$30,000.
