PROPOSAL

Bid Date : 5-20-2026
Bid To: Malaga District
JOB: Sewer plant meter install

I hereby propose the following:

- 1) Dig up and install new meter head on service coming in from road.
- 2) District to shut down water main so we can cut existing water service and install meter stop, meter and meter box next to fence line

NOTE: No opening of roadway has been allowed for. As long as water main can be shut down corporation stop in road will not need to be dug up.

BID TOTAL: \$7,400.00

**EXCLUSIONS: No permits, fees, bonds included in bid. NO testing fees of any kind. No engineering. Not responsible for any unmarked or unknown private lines below ground. Including sprinklers. Not responsible for landscape.No parts or labor for possible existing utilities that may conflict. No prevailing wage
Proposal Valid for 30 Days.**

Subject: Quick update:Recent Progress & Status

Sal,

Just wanted to give you a quick update on what's been completed and what we're working on over the past couple of weeks:

EAR Report: Formally accepted by the Division of Drinking Water (generated by Provost and Pritchard).

Wastewater Plant Metering: Obtained a quote to get the plant metered so we can begin tracking water usage.

Cross-Connection Survey: Ongoing progress on the cross-connection control survey alongside Mike McKeever from "The Water Connection".

Well 7 Chlorine Pump: New pump is installed; I-CAD was on-site last week to assist with the programming.

Fire Hydrant Repair: Fixed the broken hydrant outside of Bruno's Recycling, They were responsible for the damage and have agreed to cover the labor costs.

Thanks,
